Gallery of effective short assignments

Each of the following short assignments, students would complete for the next class or the next week, incorporates several of the key qualities that research has shown to increase student writing ability and learning.

[More will be coming. Participants in the 2013 Elon Summer Institute on Writing Excellence created more than forty. We are still preparing, many for this gallery.]

Accounting

[ACC 336: Cost Accounting- Paula Weller - 2013](#)
