

COSMETOLOGY (COS)

(Wallace and Sparks Campuses)

Cosmetology is the science and art of beautifying and improving the skin, nails, and hair. Wallace Community College offers a traditional cosmetology program. Classroom instruction prepares students with the knowledge base necessary for actual application of skills. Students then practice skills on mannequins and on each other and gradually move into live work projects. Lectures, videos, and demonstrations are used to enhance instruction and to provide networking opportunities with industry experts. The Cosmetology program can be completed in as little as 12 months, or 3 semesters. **Students are required to purchase their own cosmetology kit and books. After graduation or leaving the program for any reason, the student is given 30 days to pick up any supplies left in the Cosmetology Department. If not picked up within this time frame, the instructor has the right to properly dispose of these materials.**

Students completing all courses listed in the curriculum will be awarded a program certificate and will be eligible to apply for the State Board Examination if they have a minimum of a 10th grade high school equivalency. After passing the examination, students are awarded a license to practice as a Cosmetologist in Alabama. Admission is conditional and depends on the student's ability to perform the essential functions identified for this program. A high school diploma or GED® is not required; however, students are required to have specifically documented ability to benefit. (See *Admission to Courses Not Creditable Toward an Associate Degree* in the *Admissions Policies and Procedures* section of this catalog.) Reasonable accommodations are considered.
