Wallace Wednesdays

What is it?

- “Wallace Wednesdays” is a venture Wallace Community College is offering to our students, faculty, and staff in an effort to connect them to the Wiregrass region, but we need your help to make this effort a success.

How would it work?

- With your approval, the WCC family will be able to come into your business on Wednesdays to receive a discount or deal on a specific item, meal, or service. Patrons will be required to show their student or employee ID to receive the discount.

How does it benefit business?

- We will display your business’s information on our Web site as well as on flyers displayed prominently across WCC’s campus.
 - Logo and link to business Web site on WCC Web site
