

Wallace Community College Foundation Wiregrass Pathway to Optometry Scholarship

The Wiregrass Pathway to Optometry Scholarship was established in 2023. The scholarship will be awarded for the length of the Associate in Science Degree program. Two (2) scholarships will pay up to 50% of tuition, fees, and/or books for two (2) full-time Wallace Community College students majoring in any pre-professional health program with a preference given to pre-optometry majors. Recipients will be awarded one (1) scholarship– renewable for the length of the program if basic criteria are met.

Qualifications:

- Recipient must have met the requirements for unconditional admission to WCC.
- Scholarship will be awarded based on grade point average, unmet financial need, and recommendation from the Scholarship Committee.
- Successful applicant will submit a completed application package to include this form, a short essay and recommendation letter.

Application Availability: August 15 – noon on August 21, 2023

How to apply for the Wiregrass Pathway to Optometry Scholarship Application

- [APPLY NOW with your GovNet account](#)
All notifications will be routed to your Wallace Email account
- OR, [APPLY NOW with Dynamic Forms account](#)
Student must create an account for this form. Use your official name (not nicknames) when creating your account.
Use your personal email, not your school or parent's email, as you will receive a series of emails once you begin this process.
All notifications will be routed to the email account you used when creating your account.

Check the email you used to register above regularly for updates.
